9.11 Hazardous Materials and Waste Handling and Disposal Procedures

Saint Mary's Hazardous Materials and Waste Handling and Disposal Procedures establishes practices for the safe handling and proper disposal of all known hazardous waste and materials generated by SMC, and assigns the tasks required to accomplish this to the appropriate departments. Gives descriptions of certain commonly found hazardous materials, their hazards and how employees can protect themselves. Also gives examples of properly filled out shipping labels. Emergency response procedures and spill reporting requirements are included. Complies with multiple county, and State EPA regulations.

Applies to – Any employee that handles hazardous materials or hazardous waste on Saint Mary's College property, including but not limited to all Facilities Services employees, Science and lab technician staff.

Training required – Applicable employees are required to repeat every 12 months; an additional Hazardous Waste Generator Refresher course is required for those that handle or offer for shipment any type of hazardous waste, and must be repeated every 12 months.

Standards' location – EH&S website, and a binder in the Facilities Services office
